

**WOW!**<sup>®</sup>  
Business

1989 faxed  
and wants its  
internet back

...but first you need  
to fix the paper jam.

# Tired of internet providers that deliver vintage technology?

- > Slow but pricey internet
- > Time-consuming maintenance and manual updates
- > Irritated customers

Now you have provider choice

# WOW! offers your MODERN business a better alternative:

- > State-of-the art connectivity, speed, and performance
- > A strategic business partner who actually listens
- > A superior customer and employee experience
- > Business growth made easier (and more affordable)

Meet WOW! Business

# The right business partner makes all the difference.

When you trust WOW! Business, you get one of the nation's leading providers, with more than 20 years of technical and customer service expertise and 40,000 miles of owned, local infrastructure. You get a strategic partner who prioritizes agility and efficiency so you can pay less while receiving better, faster service.

**Because you shouldn't have to work to stay connected and competitive.**

# WOW! customer promise(s)

1

## Truth in Billing

What you see is always what you pay.

2

## Price-Lock Guarantee

You never see stair-step rates in the middle of your contract.

3

## 60-Day Satisfaction

Not 100% ecstatic? Cancel your service within 60 days.

4

## 24/7 U.S.-Based Support

Our call centers are located in the U.S., ready to provide around-the-clock service.

WOW! Business

5Gig	\$310	\$10	\$300	N/A

WOW! Business

# Business WiFi

Fiber internet provides the best option for businesses because it's faster and more reliable than standard broadband. Plus, with WOW! you receive superior customer service with the availability and responsiveness to support your evolving needs.

WOW! Business

# Connectivity and productivity for the digital age

WOW! Business delivers next-level coverage and cost-effective pricing.

## Simple

Automatic updates, easy-to-use mobile app, and a QR that lets guests log in to a separate network

## Reliable

High-performance streaming capability for hundreds of connected devices

## Secure

Isolated business and guest networks with best-in-class security

# The router difference

We combine our reliable connection with routers powered by eero, so you get:

- > Increased coverage without dead spots or drop-offs
- > Self-manageable WiFi through a mobile app
- > Safe, secure access for everyone

WOW! Business

# Business TV

Whether your business is small or enterprise level, we offer exceptional video programming through our partnership with DIRECTV that will keep everyone entertained.

- > Public View TV for your bar, restaurant, or coffee shop
- > Private View TV for your gym, office, or waiting room
- > An elevated experience for customers and employees

WOW! Business

# Give them what they want

WOW! Business can help you create an appealing atmosphere that keeps people coming back.

## Public TV

No more satellite dishes or bulky equipment. Your customers deserve the best programming this century has to offer.

## Private TV

Show your clients you value their time by keeping them comfortable with high-quality entertainment.

WOW! Business

# Your business has moved past those giant beige computers, right?

It's time to do the same for outdated internet.

Modernize your business with WOW! Business today.
